BioE seminar series schedule for Spring 2013 semester

All in 157 Benedum at 4pm unless otherwise noted

1/10 - open

1/17 - Thomas Rando, M.D., Ph.D. - MIRM Distinguished Lecturer

- Professor, Department of Neurology and Neurological Sciences
- Stanford University School of Medicine NOTE: This seminar will take place in University Club Ballroom B

1/24 - Kenton Kaufman, Ph.D., P.E., Mayo Clinic

- W. Hall Wendel, Jr., Musculoskeletal Research Professor, Mayo Clinic
- Co-Director, Biomechanics and Motion Analysis Laboratory, Mayo Clinic

1/31 – Adam Feinberg, Ph.D., Carnegie Mellon University

- Assistant Professor of Materials Science and Biomedical Engineering

2/7 - Jeff Green, M.D., NIH

- Head, Transgenic Oncogenesis and Genomics Section

2/14 - Dharam Dhindsa, Ph.D., D.V.M.

- Deputy Chief
- Surgical Sciences, Biomedical Imaging & Bioengineering(SBIB)

2/21 – Mark Carpenter, Ph.D., Univ. of British Columbia

- Associate Professor
- Canada Research Chair

2/28 – David Merryman, Ph.D., University of Vanderbilt

- Assistant Professor of the Departments of Biomedical Engineering, Medicine, and Pediatrics

3/7 -

3/14 – none (Spring break)

3/21 - Rajagopal Kumbakonam, Ph.D., Texas A&M

- University Distinguished Professor and Forsyth Chair in Engineering
- Senior Research Scientist for the Texas Transportation Institute

4/4 - Gina Bertocci, Ph.D., University of Louisville

Associate Professor of Mechanical Engineering

4/11 - Reza Shadmehr, Ph.D., Johns Hopkins University

- Professor of Biomedical Engineering and Neuroscience

4/18 – Michael Detamore, Ph.D., Kansas University

- Associate Professor of Chemical & Petroleum Engineering
- Director of the Biomaterials and Tissue Engineering Laboratory
