Search for Classes

The Search for Classes function enables you to search the schedule of classes offered during a specific term or browse the Course Catalog. The Course Catalog, available only online, provides descriptions of all courses that are offered at the University. Please note that all courses contained in the Course Catalog may not be available each term.

• Search for Classes: Must be performed specific to campus and allows you to narrow your search to basic criteria, such as subject or course number, course availability, or more advanced criteria such as instructor name, meeting time, and/or days.

• Browse Catalog: Allows you to display course details.

Required Search Criteria

• **Term:** 2091 (Fall term); 2094 (Spring term); 2097 (Summer term)
• **Course Subject:** e.g.; MEMS, MATH, ENGR or ECON
• **Course Number:** 4-digit number that precedes the subject area or leave blank to view all courses offered in a subject area.
• **Course Career:** Undergraduate
• **Campus:** Pittsburgh
• **Tip:** Additional search criteria can be used to specify course offering days and/or times.
