Engineering Trade Magazines

This list is not meant to be comprehensive. It is only an example of some of the more popular trade magazine titles in various fields of engineering.

Bioengineering

- Biotechnology
- BMES Bulletin
- IEEE Engineering in Medicine and Biology Magazine (Published by the IEEE Engineering in Medicine and Biology Society.)
- MRS Bulletin (Materials Research Society Bulletin)
- Technology Review

Chemical and Petroleum Engineering

- Chemical and Engineering News
- Chemical Engineering
- Chemical Innovation (Published by the American Chemical Society.)
- Chemical Week
- World Oil

Computer Engineering

- Communications of the ACM (Association for Computing Machinery)
- IEEE Concurrency (Published by IEEE.)
- Control Engineering
- Experimental Techniques

Civil and Environmental Engineering

- Civil Engineering
- CE News
- Engineering News Record :ENR
- Structural Engineer

Electrical Engineering

- Microlithography World
- Power Engineering
- IEEE Spectrum (Published by IEEE.)
- IEE Review (Published by IEE, the Institution of Electrical Engineers.)
Industrial Engineering

- Assembly
- Engineering News Record: ENR
- Ergonomics in Design
- Quality Progress

Materials Science

- Advanced Materials and Processes
- Coal Age
- Experimental Techniques
- Materials World (Published by the Institute of Materials.)
- New Steel

Mechanical Engineering

- Manufacturing Engineering
- Materials Performance
- Power Engineering
- Springs
