## Summary of MBA/MS Course Requirements

| Name  |                 | Email         |              |          |       |
|---|-----------------|---------------|--------------|----------|-------|
| Date  |                 | Student Track |              |          |       |
| First Semester in the Program   |                 |               |              |          |       |
|   | Course # & Name |               | # of Credits | Semester | Grade |
| Grad. Eng. Math (3 credits)   |                 |               |              |          |       |
| BQOM 2401 (3 credits)   |                 |               |              |          |       |
| Societal, Political and Ethical<br>Issues in Bioeng. (3 credits)          |                 |               |              |          |       |
| Life Sciences (6 credits)   |                 |               |              |          |       |
| 1st Life Science Course   |                 |               |              |          |       |
| 2nd Life Science Course   |                 |               |              |          |       |
| Primary Track Courses (9 credits)   |                 |               |              |          |       |
| 1st Track Course  |                 |               |              |          |       |
| 2nd Track Course  |                 |               |              |          |       |
| 3rd Track Course  |                 |               |              |          |       |
| Open Elective (3 credits)   |                 |               |              |          |       |
| Bioengineering Seminar (must audit for each term in program at 0 credits) |                 |               |              |          |       |
| Number Audited  |                 |               |              |          |       |
| Other Courses<br>(0 credits required)                                     |                 |               |              |          |       |
| KGSB Projects Course (3 credits)  |                 |               |              |          |       |
| TOTAL number of credits (25.5 engineering minimum)                        |                 |               |              |          |       |
|   |                 |               |              |          |       |
| Current GPA   |                 |               |              |          |       |
| Approver Signature  |                 |               |              |          |       |
