(2) Create your plan

- Use the template on next page to create your plan
- Determine BS graduation term/year
- Determine MS start term/year
- Determine application due date. Go to: https://www.engineering.pitt.edu/Admissions-Academics/Graduate-Programs/GraduateAdmissions/Admission-Deadlines/
- Create program plan for
  - BS final 2 terms – include the classes you need to graduate. Select 3 grad classes. Note that 2 grad classes count for both undergrad & grad (i.e., 2 of the graduate classes will count as technical electives).
  - MS 2 terms – 7 additional grad classes
- Submit completed template to **both** coordinators for their review

Undergrad and Grad Coordinator Review Proposed Course Plan to complete BS and MS

Receives Plan Approval

Upload approved plan to Student Record

Submit Grad Application

Complete BS Degree

Begin +1 Year MS Degree

Complete MS Degree

(3) Submit a grad school application to program of interest. This ensures you are in the PeopleSoft system as an EAGr student. Go to:

- https://app.applyyourself.com/AYApplicantLogin/fl_ApplicantLogin.asp?id=up-e
- No GRE is required
- Include: (1) Resume/CV; (2) Essay; (3) 2 References from undergrad program; (4) Letter of eligibility to participate in EAGr as an 'optional document'
- Enter EAGR as the fee waiver code. Under the application Fee Payment page, select the radio button "Check (I'll mail my payment)" under the Select Payment Method then click on the "Pay and Continue" button. After submitting your application, you will be instructed to print out a payment voucher. You do not need to do anything with the voucher.
